

RGB pixels at Petco Park, San Diego

The main Petco Park video board is said to be 2472 pixels wide by 1224 pixels high for over 3 million total pixels. Using the size of the board, 37.7 m wide by 18.7 m high (123.6'x61.2'), I get 15.3 mm by 15.3 mm pixels (0.6"x0.6"). Below are photos of a small board near center field. ***On the next page are photos of the main board.***

RGB pixels at Petco Park, San Diego

Below are two photos of the entire main display board at Petco Park. The size of the main display board is 37.7 m wide by 18.7 m high (123.6 ft x 61.2 ft)
